ALCOHOL CERTIFICATION IN CALIFORNIA

With our training and through the ABC of California, you will be licensed and able to work in any restaurant or bar. As an employee, you are required to take the training and you are able to use it in any establishment that serves alcoholic beverages. RBS certification is assigned to you, not the restaurant or bar you work for.

HOW IS AN "ALCOHOL SERVER" DEFINED

As defined by California's AB 1221 law, an "Alcohol Server" includes anyone who:

1. Checks customer identification for purposes of alcoholic beverage service or entry to an ABC on-premises licensed establishment
2. Takes customer alcoholic beverage orders
3. Pours alcoholic beverages for customers
4. Delivers alcoholic beverages to customers

As you can see, any restaurant or bar staff that interacts with alcoholic beverages needs to be RBS certified.

HOW IS AN "ALCOHOL MANAGER" DEFINED

An "Alcohol Manager" is any person who trains, directly hires or oversees alcohol servers at an ABC licensed establishment in the state of California. It additionally includes any person who trains alcohol servers how to perform the service of alcohol for consumption for an ABC on-premises licensee, including but not limited to, when to check identification or when to refuse service to a customer.

Similar to an alcohol server, an alcohol manager also needs to be RBS certified to be compliant with state laws.
